Camp Life

Summer is upon us!

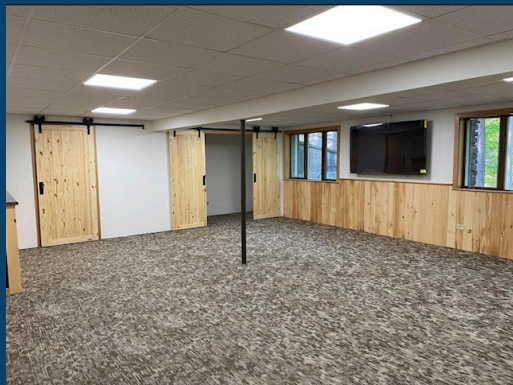

We are excited to update with all of our camp projects that have been accomplished, along with future projects in the works.

It's been a busy few months in the maintenance shop. Since our last letter we started and finished doing a full remodel on **The Den** (one of our meeting rooms for small groups). The Den hadn't been updated in a number of years, and was becoming a last resort meeting place. But we removed the fireplace, replaced the lights and ceiling tile, added custom paneling (that we milled ourselves), added a couple storage areas, and new paint. It turned out wonderful and you should definitely take a look next time you are at camp. In addition to that, I was blessed to be able to join a mission team from my church to Guatemala. It was an amazing experience, we met a lot of people, and accomplished a lot of good work. I won't be able to write details in this newsletter, but feel free to ask me about my experiences there. One thing I will mention though, is on that trip I was able to find the mission project for summer camp. Every year camp will find a mission project or need, and ask the kids give towards it. This year it is [Life of Hope School](#) in Guatemala. It is a Christian school for very poor and troubled kids and they operate on a very limited budget. I met the administrator of the school personally, and a lot of the kids there as well, and am now blessed to share their story with the kids at camp each week.

Over the course of the summer, we are looking forward to having a total of six couples volunteering, as well as a team from Julie's parents church (North Carolina) working with us in July. We are hoping and praying to be able to finally build the **New Cabin**, but we are waiting on the Lord to provide our final permit. Either way we will be getting a lot of work accomplished in the next few months - and it will be a very exciting time at camp!

Family Life

Summer is in full swing, and this brings a lot of busyness to our family! The boys are getting older, and require constant supervision - because, well, they are indeed BOYS! We try to be present at camp as much as we can, and we love meeting up with friends as well as being extremely involved in our church. Julie is excited for an opportunity this coming month to play the piano for a service, and we are both enjoying being heavily involved in our Gospel Community group (small group). Julie is also extremely busy in her position at the camp in the Accounts Payable department.

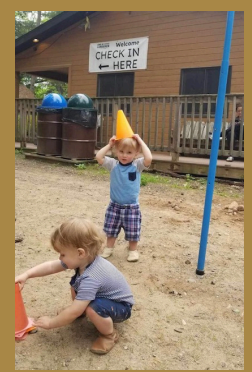

We also enjoyed a wonderful visit from Julie's brother and cousins from North Carolina! It was so fun to show them around camp and the area we live.

One thing we are needing to be vulnerable about is our financial support. God has truly blessed us so far, but unfortunately expenses have increased greatly for our family. Since moving to Wisconsin, we now have the expenses of the upkeep of a house, and two additional children. We want to be extremely clear on how **GRATEFUL** we are for those who have faithfully supported us financially since making the move to Wisconsin and becoming part of Lake Lundgren Bible Camp ministry! God has truly been so good to us, and words cannot even express our gratitude.

So far this year, we have raised 30% of our yearly goal, and we are halfway through the year. We are humbly asking if current supporters might be willing to consider increasing support by 10%, and we also ask that those who have been following our ministry prayerfully consider supporting us.

Even an amount as little of \$10 a month can add up so much for us!

We appreciate so much your consideration, and as ALWAYS we are **so grateful for your prayers** as we continue in this wonderful ministry!
